

Charles Dozer Photographer

Over the last several years, since retiring, I have been fortunate to be able to develop my long standing interest in photography and digital imaging. I am a still-life photographer: (www.floralartphotography.com) Since joining Carlsbad Oceanside Art League (COAL) several years ago I have become acquainted with many of the excellent fine-art artists primarily in the North County portion of San Diego that have greatly influenced my work. Over the last few years I have regularly showed my photographic and digital images at the COAL Gallery as well as the San Diego County Fair, the City of Vista and several other venues. I frequently am "in the ribbons" and enjoy the competition with excellent practitioners of art and photography. Specifically, I have been awarded numerous ribbons at COAL, including three monthly "Best-of-Show" Awards in 2014-15, accepted at the San Diego County Fair, juried-in at the La Jolla Arts Association Black & White Show (2014) and shared the Third place award from the City of Vista juried show (2012). One of my floral images was published as the cover for the 2014 National Easter Seals calendar. Charles (www.cdozerphoto@sbcglobal.net)
