Judge's Comments:

Best of Show: Rick Gauthreaux - Sophisticated design, great sense of dark & light, hard & soft edges. Great emotional content.

1st Place Water Media: Judith Richardson - Great sense of composition, color balance and creativity. Wonderful narrative

1st Place Oil/Acrylic: Julie Bradbury-Bennett - Sophisticated brushwork and great color harmonies. Good sense of atmosphere.

1st Place Photography: Barbara Randhahn – Great composition for the vertical format. Soft light creates the core colors used to create a composition along with the linear aspects of the trees.

1st Place Digital Art: Charles Dozer – I love the deckled edge of the paper, the evocative mood and the use of color

1st Place Pastel: Joan Grine – Great use of complimentary colors and a solid composition as your eye travels through but is held inside the painting.

1st Place Sculpture: Cindy Fatica – I love the artist's use of clay. Very elegant

1st Place Mixed Media: Jorge Garza – This is a very saturated piece yet the color is held at bay by the artist to create a really enjoyable piece of art. Very thoughtful.
