

## **ARTIST PAGES REGISTRATION AND AGREEMENT (rev.12.24.19)**

You, a current member of the Carlsbad Oceanside Art League (COAL), are registering to have your artist page displayed on the COAL website. This artist page includes an artist profile (which may include your photo, artist statement and bio) and will display up to 12 images of your artwork, a link to your own website if you have one, and information on how to contact you to arrange a sale. Details of each image, as provided by you, will be included.

In order to provide your artist page information after submitting this registration form, you will need to complete the Online Gallery Artist Information Form as well as the Online Gallery Artwork Information Form for each of the artworks that you would like added. Both forms can be downloaded from the COAL website and explain the specific requirements for their submission.

Please note this important information

### **Agreement and Liability Release between COAL and the undersigned:**

You will be directly providing information that will appear on your artist page and therefore you have the responsibility for the accuracy of the information that appears there. After an artist page is activated, and you are notified, you will have 7 calendar days in which to review the published information and to notify the designated person about errors that require correction.

The COAL Board of Directors has the sole right to reject any artwork photo or text that the Board believes is in poor taste or would be detrimental to COAL's image and reputation.

While all images posted on the COAL website will be low resolution (72 dpi), there is a possibility your work can be copied from the website without your permission. However, the copied image will not be good enough to make a good reproduction. If this is a problem, you can consider superimposing a watermark or copyright mark over your photo.

You acknowledge you will adhere to the input requirements and technical specifications for artwork photos and text that you provide as required by COAL.

Updates to your artist page may be made biannually (in June and November) for a \$5.00 fee. Changes other than during the designated months are \$5.00 each. To make an update to your artist page, you must first submit the Artist Pages Update form, which can be downloaded from the COAL website. Registration and update fees help to pay for our website monthly hosting cost.
