FEATURED ARTIST FOR APRIL – Mike Gulewich

A native Californian, Michael Gulewich has been a professional artist for over 25 years. During this time, his award winning work has appeared in numerous shows and galleries throughout western and northwestern America. It is included in both private and corporate collections in the United States and Canada. His paintings have also been purchased for the movie set of "**Meet the Fockers**" (see In the Movies).

His style is derived from the turn of the century "**Plein Aire**" (French for "in the open air") painters that capture their themes on location. This art movement, begun in France in the early 1700's, includes painting subjects in their natural exterior setting unadorned by artificially arranged poses. **It is the artistic interpretation of nature, in a context framed by light, sound, smell, taste, movement, and the weather!**

Sincerely, *Mike Gulewich*

Presidents Message

April 2009

“But you don’t look like an artist.” This is what I hear from people who ask me that conversational question, “What do you do?” And I think... what do people assume an artist is supposed to look like? Then I think of all the various people at COAL. I think of how different and unique everyone is, not just in appearance but also in personality and background. Everyone has a story. I haven’t heard them all yet, but what you did before you came to join COAL, who and what your families are, all add up to you being the artist you are. It is our interest, love, commitment, and desire to associate with fellow artists that have brought us together. Grant it, there maybe other factors; but these are the reasons we stay.

COAL allows us opportunities to talk to other artists, become familiar with different art forms..., and occasionally sell one of our pieces. As artists, we are constantly reviewing, judging, and comparing our work, with the goal of becoming better at what we do. Some of us teach but we are all constant learners.

Congratulations to everyone who entered work in the Membership show. Congratulations to all who the judge recognized as award winners. In addition, thanks to everyone who took time out from painting, sculpting, drawing, and clicking to help with the show; to Bob Mussay for being the first one there and the last one to go home; And, a very special "thank you" to Lou and Ursula for organizing all of us... not an easy thing to do.

Thank you Ursula, for a wonderful and oh SO colorful demonstration. It was both informative and inspirational.

In this month Brushmark, you will find your personal copy of the **NEW AND IMPROVED** definitions of acceptable entries. Please read them at your leisure and keep them for future reference. There will be an abbreviated version of this posted at every take-in. They will take effect in April.

M. Nilsson Bloom, COAL President

Membership News

Several 2008 members renewing in March expressed concern that they would not make the deadline for the 2009 Membership Directory. I have extended the deadline until the end of March to relieve the stress of making the date. However, please do not delay putting your renewal form and check in the mail as it takes several days to process the paper work.

Also, please join me in **welcoming four new members!**
