## **The North Coastal Art Gallery and Scheduling Changes! (Mid-April update)**

---

Dear Members: Looking forward to up-coming events for COAL. As of now, we are anticipating re-opening in May for take-in as scheduled On Monday May 4th, 10AM-4PM. We plan to host a Regular Show and “Black & White” (SIS) since the Children’s Show has been canceled. The judge will be the same, and all

“normal” procedures will be in place. Those Members who showed in the “March Member’s Show” will have ½ credit per image carried over to the May Show. Of course members may enter as many as you normally would at full fee. The same pricing structure carries over to the B&W SIS!

FYI the Carlsbad Street Faire normally held on the first Sunday in May has been rescheduled to August, the same month as our Open Show! What a great opportunity to have your art on display. Also, The Village Faire has a newly renovated patio area that looks great, a further enhancement to our venue. Negotiations to have our Gallery flooring replaced are close to being resolved. It is my hope, although slim, that it MIGHT be completed prior to our May re-opening.

Please recall that our Membership dues for 2020 are due (overdue). If you have waited to see about our re-opening to re-join, we would ask that you consider paying the full \$87.00. Of course, you do not have to and we understand if you wish to pro-rate according to our posted guideline. We stand behind that, no question.

Speaking financially, during these times we ALL have had to make many decisions that otherwise wouldn’t have had to be made. Soon many of us will be receiving supplemental income checks and will be deciding how to allocate these moneys. A reminder that Carlsbad-

Oceanside Art League is a tax-exempt organization and should you wish to give us a hand, you may donate anonymously by sending a check directly to Gertrude Lewis Schlegel, Gallery Director, or to me, and it will be deposited with thanks by the Organization. Best to you all, Chuck
